Answering God's call to
Uganda, East Africa

September, 2014

Psalm 143:5 – ...I meditate on all Thy works; I muse on the work of Thy hands. It's always exciting when we have answers to prayer to share with you, and this is a big one that we have prayed for for a long time! We now have ten teachers! In other words, we have all the teachers we need for our primary school!

And we have even more answered prayers to share with you. We have also been praying for a tractor, to start a permanent medical clinic, and to build a jaaja home so the jaajas (elderly) can live closer to the church and those of us that can help them when they need it. We recently celebrated the arrival of a container that contained a tractor that was donated to our ministry, along with medical equipment that we can use when we open the medical clinic. We were also given money that we were able to use to purchase the land for the jaaja home. Praise God!

It's also exciting when God allows us to see Him answer prayers in the lives of the people here. During a recent Sunday morning service, Jim handed out Bibles to those in the Bible college that didn't already have their own. At the end of the service, several of them testified that they had been praying for their own Bible, and God had answered them. Last Sunday, one of the men that works for the ministry gave testimony that he had been praying for electricity in his home, something he has never experienced. God provided for him & his family to have a solar panel that provides enough electricity to have two lights and an outlet for charging his phone. Of course, the best answers to prayer are the people who have gotten saved! What a mighty God we serve!

We always enjoy having visitors from America, but our most recent visitor was our favorite-Emily. Our pastor & his wife also came. It's always a very special time when our family is together, and it's always an encouragement to spend time with our pastor & his wife.

We are now getting closer to the arrival of a medical team that will run a clinic at the church for a week. We would appreciate prayers that people would be healed, physically and spiritually. Please also pray for the health and safety of the team.

You may remember us asking you to pray last year for our P7 class that was preparing to take their Primary Leaving Exam in November, and then the excitement in January when we found out that they all passed with first grades. Well, our next P7 class is weeks away from taking their P.L.E. They have been working very hard all year. Please pray for them as they take their exam on November 3-4.

Thank you for keeping our family and the ministry in your prayers. God has obviously heard your prayers, and He has answered above and beyond all that we could ask or imagine!

Many of the orphans hadn't yet been baptized. We had a baptism at the lake, and took all the orphans with us. They enjoyed some time of swimming, and then they got baptized, along with some of the church members.
